- Assist in designing and developing user interfaces for web applications.
- Collaborate with senior developers to build and optimize server infrastructure.
- Optimize database queries for performance.
- Indiway Certificate

PROJECTS

1. Shared usage of labs & resources by Edu. Institutions | *PHP, Laraval, MySQL* — Aug 2022

- ∗ Statement focuses on the difficulties faced by students to perform labs at institutions during the Covid-19 times.
- ∗ To create a platform so that institutes all over India can register and enlist labs available at their institutions. Students can visit the institutes nearby their hometown and perform labs here hence developing practical skill knowledge.

Team size : 3

Responsibilities:
- ∗ Ensure the project meets quality standards.
- ∗ Gather and analyze project requirements.
- ∗ Provide guidance and support to team members.

2. Farmer Portal | *HTML, CSS, JavaScript, PHP, MySQL*   May 2021
- The Farmer's Portal is a web-based platform designed to provide farmers with a centralized hub for information and resources related to agriculture.
- It aims to help farmers stay informed about the latest farming techniques, market trends, and government policies, as well as connect them with buyers and other farmers.

Team size :   3
Responsibilities:

- Identify and mitigate project risks.
- Ensure that the project is delivered on time.
- Create a project schedule and timeline.

3. Association of Computer Engineering Student | *HTML, PHP, MySQL, Git*   June 2020
- The project involves creating a web platform for the Association of Computer Engineering Student, which serves as an online hub for members to access information, resources, and communicate with each other.
- The web platform includes features for managing membership, such as registration, renewal, and member profiles. This allows the association to keep track of its members and communicate with them effectively.

Team size :   3
Responsibilities:

- Lead and supervise the project team.
- Conduct code reviews and ensure code quality.
- Troubleshoot technical issues and provide solutions.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS, React
Developer Tools: Git, VS Code, Visual Studio, PyCharm, IntelliJ

CERTIFICATION & ACHIVEMENTS

Winner of Smart India Hackathon   Aug 2022
PES Modern College   *Pune, Maharashtra*

- Smart India Hackathon

Android Development Workshop   Dec 2019 – Jan 2019
Govt. Polytechnic   *Ahmednagar, Maharashtra*

- Android Workshop
